HOPE FOR HUMANITY

Official Newsletter of Vidyaranya

Be A Hero Today!

EMPOWER INDIA

For over three decades, Vidyaranya has been leading the charge for empowerment of the less fortunate in India. We envision to grow as an idea across territories, as a tool to alleviate poverty and enhance the dignity of the underprivileged people of the world. Address basic but neglected issues of the poor by involving them in evolving their own solutions with dignity.

You too have a stake in this collective responsibility. Donate now. Save a life.

Art based therapy by Ms.Lakshmi

A Day At Vidyaranya

CELEBRATING EVERYDAY WITH A SMILE

Vidyaranya empowers the underprivileged sections of society through initiatives for children, children with special needs, women, and senior citizens.

We explore the relationship between engagement with the creative arts and health outcomes, specifically the health effects of music engagement, visual arts therapy, movement-based creative expression, and expressive writing.

Art classes for specially-abled kids

Skill development programs at Ujjwala

We also have a skill development initiative in place to help empower women in our organisation. Currently sixty women are undergoing vocational training in tailoring, areca leaf plate making, artificial jewellery making and BPO training.

"Kindness is loaning someone your strength instead of reminding them of their weakness".

I Am Strong, Healthy & Beautiful.

Sessions And Initiatives Undertaken

MENTAL HEALTH SESSIONS BY DR.RUCHI & LIFE SKILL SESSIONS BY MS.LAKSHMI FROM NALANDA FOUNDATION

These sessions primarily focus on supporting the girl kids in our home- Namma Mane. We foster programs and activities that cater to the well being of these children. We educate them on personal hygiene, mental health and other aspects of basic parenting that is otherwise missing for these kids.

These initiatives are conducted with the intention of creating a learning environment based on mutual trust, respect, and desirable personal integrity.

Mental health sessions by Dr.Ruchi

Life skill sessions by Ms.Lakshmi from Nalanda foundation

Amazon had a great initiative to distribute laptops amongst our children.

With the whole online culture booming Amazons' laptops have made it easier for our girls to attend online classes.

Laptop skills are a must and they have now made that possible too.

Success Story

RECOGNISE MY DISABILITIES
EMPHASIZE MY POSSIBILITIES

Devika, aged 45 carried the burden of being differently abled and unmarried. She was admitted to Vidyaranyas' Swadhara home by her sister as there was no one who could support her.

On joining our organisation, Devika underwent counselling and addressed her disability.

We are proud to say that she improved immensely under our care. She enjoys yoga, prayers and meditating. Her hobbies have also widened to making paper bags, candle making, knitting. She loves the company of other kids and is very active at our organisation.

Carpet knit by our beneficiary, Devika
