# Cultivating joy with our senior citizen

## What was the event about?

We conducted a gardening activity with our senior citizens in collaboration with Amazon. They planted tulsi and flowering plants. They also planted patches of tomato and carrot on the ground.

This engaging activity allowed our senior citizens to paint pots and keep it for themselves!

## Volunteer with us!

Vidyaranya is a devoted organization that focuses on catering to the diverse needs of underprivileged children, children with special needs, women, and senior citizens, while also working tirelessly to improve health, community, and environmental conditions. At the heart of our efforts are our passionate and dedicated volunteers, who play a crucial role in driving this noble cause forward. We thank you!

## High Density Plantation drive

10,000 SAPLINGS

We conducted a high density plantation drive with Concentrix at Kudla, Bangalore. The objectives were as follows;

- Plantation and maintenance of 10,000 saplings.
- Increase awareness, and build ownership among the people on the importance of green cover.
- Intensify the groundwater through a comprehensive plantation methodology thereby increasing soil moisture to support natural vegetation.
- Help in mitigation of Co2 and increase the production of Oxygen.

The environment must be maintained in order to protect the survival of life in the future.

So join hands with us today to help save our mother earth!

If you really think the economy is more important than the environment, try holding your breath whilst you count your money"

## Fun events for the children

### MAGIC SHOW BY KEVIN JOSEPH

Kevin is a trained magician. He volunteered to come show our kids some mind blowing tricks.

### MOVIE AT FICO

FICO has been our constant supporter. They played a movie for our girl children . It was very thoughtful and the girls thoroughly enjoyed!

### MEDICAL CAMP AT MANDUR

We conducted a medical camp for 500 beneficiaries at Mandur. Free spectacles were given to all who were in need.

This was conducted with collaborations with Amazon and the NGO Prabha. Thank you for your support!

# Believe In Yourself & Anything Is Possible

## Success Story

Sharvva was admitted to our Vidyaranya home as she was burdened with being disabled. She underwent skill training at our facility and got upskilled in Vidyaranya. She eventually got a job.

She now works in an industry and earns for herself and leads a happy life. She has been able to provide for her family too. She is living proof that nothing can stop you from achieving your dreams.
